

## Appendix II

### **Mission Statement**

Beth El Shaddai is a Messianic Jewish Congregation. This fact compels us to present our Messiah to those we meet at all times and in all things. It is our identity! Therefore, we have immediately adopted into practice the following Mission Statement:

- i. We will insure that every feast, every celebration, every service is used as a platform to present the Jewish Messiah to all those who G-d places in our path, both to Jew and to Gentile.
- ii. All of our service literature and websites will be checked and edited to be sure that an accurate presentation of the fact that our Messiah came as a fulfillment of Jewish Prophecy and Mosaic Law.
- iii. We are a unique Messianic Jewish Congregation working alongside the Jewish Synagogues and Christian Churches to reach those people who each Church or Congregation has been specially gifted by G-d to reach. We will therefore make every effort to assist those groups as G-d leads them in discovering the Jewish Roots of their faith while we increase our efforts to reach out to the Jewish Community.
- iv. We will aggressively promote the knowledge of our presence in our community, city, and state, and seek to present our "Messianic Jewish Jewish Excitement" to everyone at every opportunity.
- v. We will set up a prominent sign on the street with our name, service times, and a place for seasonal announcements. This sign will contain a logo consisting of a 'Star of David' combined with a 'Cross', like many already displayed on their person and in their homes. This will leave no confusion as to who we are, what we believe, and who's Lordship we profess.
